Enjoy Your Park Responsibly

NO DRONES
Unmanned aircraft is restricted from use in all national parks, including Bryce Canyon National Park. Violators are subject to legal action and fines in accordance with 36 CFR 1.5. Report drone use to nearest park ranger.

LIGHTNING
If you hear thunder, a storm is within 10 miles and a direct strike is possible. The plateau rim is the most dangerous place. Move to a building or vehicle, avoiding trees, hoodoos, and other tall objects. Lightning has claimed 4 lives and injured 6 in the past 24 years at Bryce Canyon.

INJURIES
Ankle injuries from improper footwear, dehydration, falling from off-limits areas, and altitude-related illnesses are the most common emergencies. Explore within your abilities, and don't ruin your vacation with a trip to the hospital!

Drink at least 1 liter of water for every two hours you plan to hike.

PETS
Pets are only allowed on paved areas, including park viewpoints, the Shared-Use Bike Path, the Rim Trail between Sunset and Sunrise Points, as well as park campgrounds. Pets must always be leashed, and cleared up after.

Pets are not allowed on hiking trails.

EMERGENCY: 800-582-4351 or 9-1-1

NEAREST MEDICAL FACILITY: Garfield Hospital and Clinic is located in Panguitch, UT. Return to Highway 12 and head West 13.6 mi to US-89 N. Travel 6.5 mi to Panguitch and turn right on N 400 E St. **Hospital:** 435-676-8811

Plan Your Visit

Going to the Visitor Center for help?
Bring this Visitor Guide with you for best service

Welcome to Bryce Canyon, home to the largest collection of hoodoos (irregularly-eroded rock spires) in the world! Situated along the east edge of a plateau, the park has one main 18-mile north-to-south road and only one entrance/exit. As you enter the park, all viewpoints and hikes are on the left.

BRYCE AMPHITHEATER (First three miles of the park)

The most iconic and popular views of Bryce Canyon are found along the rim of the Bryce Amphitheater: **Bryce, Inspiration, Sunset, and Sunrise Points**. Try to see this area as early in the day as possible. Enjoy a flat, paved walk between Sunset and Sunrise Points (0.5 mi each way) or a more challenging hike below the rim. Most visitors like to begin with the wonderful diversity found along the **2.9-mile Queen's/Navajo Combination Loop** (Hiking Guide at top left).

SCENIC DRIVE (Entire length of main park road)

Drive the main road 18 miles (35 min) until it ends at the park's highest elevations at Rainbow and Yovimpa Points. Consider the 1-mile Bristlecone Loop to stretch your legs. Stop at viewpoints like Natural Bridge and Agua Canyon on your return trip north. *Often enjoyed later in the day, or during busy times.*

SEE MORE ON THE SHUTTLE (APRIL - OCTOBER)

Over 2.5 million people visit Bryce Canyon National Park every year, leading to congestion in some of the park's busiest areas. To help you save time and see more, a free shuttle bus operates Spring through Fall in the **Bryce Amphitheater**. Boarding the shuttle from the Visitor Center, the Shuttle Station, or your campground area will soon bring you to the 4 most popular viewpoints in the park. Once aboard, you can hop on and off the bus or walk along the rim trail to connect viewpoints. Especially if you're short on time, this will show you as much of the park as possible in the least amount of time!

Vehicles 20 ft / 6 m or longer are restricted from parking in the Bryce Amphitheater (Sunrise, Sunset, Inspiration, Bryce, and Paria Viewpoints, as well as the Lodge and Visitor Center) during shuttle hours. Park at shuttle station, the additional parking lot across the main road from Visitor Center, or your campsite.

Ranger Programs and Activities

RANGER PROGRAMS

Ranger talks and walks are provided every day. Join us for an exploration of how hoodoos happen at a Geology Talk, or explore the many sides of Bryce along a guided ranger walk. All ranger programs are free, and require no reservations. Outdoor programs are weather dependent and may be cancelled due to inclement weather. See schedule in the Visitor Center or by visiting our website at: www.nps.gov/brca/planyourvisit/calendar.htm

EVENING AND ASTRONOMY PROGRAMS

Join a ranger after dark exploring a wide-range of topics. Astronomy Programs are typically followed by night-sky viewing, weather dependent. See schedule in the Visitor Center or at www.nps.gov/brca/planyourvisit/calendar.htm

FULL MOON HIKES

In the winter, a full moon hike is offered the night of the full moon. In summer an additional hike is often held the night prior. Hikes are by lottery only. See ranger schedule for lottery times and locations. All members of the group must be present at the lottery and bring the footwear they plan to wear. Untreaded soles, such as tennis shoes, are not permitted on this hike.

SNOWSHOEING AND X-COUNTRY SKIING

Snowshoe programs are offered when snowpack and staffing allow. Hikes are typically 1.5 miles, lasting no more than 2 hours. See ranger schedule for times and locations. Cross-country skiing is permitted in all areas of the park except beneath the rim. Obtain a map of groomed and un-groomed trails at the Visitor Center.

BECOME A JUNIOR RANGER

Enjoy the wonders of Bryce Canyon National Park while learning what makes it unique through programs and activities. This is a special opportunity to earn a special badge that cannot be purchased or otherwise obtained except through this program. Visitors of all ages are welcome to participate. Please allocate 3-6 hours of your visit to this experience. See Visitor Center for materials and instructions on completing the Jr. Ranger booklet (a great activity to pair with our Hike the Hoodoos program!) Family programs are often offered in the summer season. See schedule in the Visitor Center or by visiting our website at: www.nps.gov/brca/planyourvisit/calendar.htm

GEOLOGY FESTIVAL

Every July, the park hosts a festival dedicated to the science of its defining feature. Join park rangers for guided hikes, geology programs, bus tours, evening programs with special guest speakers, exhibits, and more! www.nps.gov/brca/planyourvisit/annual-geology-festival.htm

ASTRONOMY FESTIVAL

Explore your world and beyond through one of Bryce Canyon National Park's most precious resources: its night sky. Each June, the Astronomy Festival features renowned guest speakers, telescope fields, ranger programs, night sky tours, and many activities the entire family will love. More information at: www.nps.gov/brca/planyourvisit/astrofest.htm

Recreation

BICYCLING

Bicycles are restricted to paved surfaces, campground roads, and the Shared-Use Path (see map). Bicycles are not permitted on any hiking trail. The Dixie National Forest has a paved bicycle path traveling over 17 miles through Red Canyon to connect to the park path, along with many miles of mountain bike trails within Red Canyon.

VIEWING NATURE

Species lists for flora and fauna may be obtained at the Visitor Center, and we welcome you to share what you see during your time in the park. Citizen Science apps such as eBird and iNaturalist are excellent ways to help track Bryce wildlife, too. **Only view roadside wildlife from paved pull-offs. Never approach or feed wildlife.**

BACKCOUNTRY

Areas include the 9-mile Riggs Spring Loop, and the 23-mile Under-the-Rim Trail. Fees are \$5/person. Backcountry permits are issued on a first-come, first-served basis at the Visitor Center up to 48-hours in advance. Sites limited to 6 campers. 2 group sites available with a limit of 15 per night. Maps available at the Visitor Center and park website.

NIGHT SKIES

Bryce Canyon is one of the darkest places in North America accessible by improved roads. Even when we're not hosting an astronomy program, we invite you to enjoy the night sky. All viewpoints present a unique view of the vastness above. Remember to always carry a flashlight (smartphone lights are inadequate) and walk carefully.

HORSEBACK RIDING

Wrangler-led rail rides are provided within the park Spring-Fall and range \$65 to \$90 dollars for 1.5 to 3 hr rides. Inquire at the Bryce Canyon Lodge or call 435-834-5500. The use of privately-owned stock is permitted. Please e-mail us or call 435-834-4736 at least 72 hours in advance to schedule a reservation inspection for your stock.

HIKING

Bryce Canyon has approximately 60 miles of trails to explore, and every single one will show you a unique side of this park. Refer to the Hiking Guide on the opposite page. By using the mileages listed on the map provided, one can create a wide variety of unique hikes. **Remember appropriate footwear and water.**

"I Hiked the Hoodoos"

Hiking is great exercise and Bryce Canyon's "I Hiked the Hoodoos!" program is not just hiking, it's also a scavenger hunt with a special reward!

1. In order to qualify for the reward, hike a minimum of 3.0 miles, or find at least 3 benchmarks and complete steps 2 through 4 below.
2. Each individual must have either a pencil rubbing of the benchmark (see Jr. Ranger Book) or a "selfie" with the benchmark.
3. Only special "I Hiked the Hoodoos" benchmarks qualify for the reward. USGS benchmarks found at various locations within the park do not qualify.
4. Rewards are available at the Visitor Center, so bring your photos or pencil rubbings to the front desk!

Benchmark	Distance	
	miles	km
Mossy Cave	0.8	1.3
Rim Trail	2.5	4.0
Tower Bridge	3.0	4.8
Queen's Garden	1.8	2.9
Navajo Loop	1.3	2.2
Peekaboo Loop	2.4	3.9
Wall of Windows	1.6	2.6
Sheep Creek	4.0	6.4
Bristlecone Loop	1.0	1.6
